

## Application to study via distance education

Virtual School Victoria (VSV) or Victorian School of Languages (VSL)

Student Name		Date	
Mentor Group		Mentor Teacher Signature	

CSC's general expectation is that Year 7 - 11 students have a full timetable of subjects and Year 12 students have a minimum of 5 subjects. This expectation is based on the following rationale;

- Provides breadth with each student's course, which maintains greater study options in Year 12.
- To reduce the demand on CSC's human resources, providing additional supervision for students.
- Having a full complement of subjects enhances time management skills.

To support students with their studies, students may apply to complete a subject via VSV or VSL. An application will be supported if;

- If the College does not offer the subject and career pathway requires the subject.
- The College offers the subject, but it cannot fit into the student timetable due to clashes.
- Due to extenuating medical conditions, completing the subject via VSV or VSL is a viable option.

Student/Parent rationale for completing a subject via VSV or VSL (please specify subject to be studied)
