

Wednesday 29 September

Dear parents and carers,

I hope you and your children have enjoyed some down time during these school holidays and have been able to take advantage of the easing of restrictions in regional Victoria. This brief update is to confirm some of the known details for the commencement of Term 4. I will provide further advice as it comes to hand.

At this stage, students who attended onsite in the final week of Term 3 at Castlemaine Secondary College will continue to attend onsite in Term 4, including:

- All final year students
- Students studying a Unit 4 subject
- Vulnerable children and children of parents or guardians who were on the authorised provider and authorised worker list.

Further advice on the return to onsite learning for remaining year levels across regional Victoria will be provided prior to the beginning of Term 4.

Take care of yourselves and each other.

Regards,

Simon Wood
Acting Principal – Castlemaine Secondary College
